Standard Limited Warranty

Yearly Maintenance Options

Durability Proven with 6+ Years of Field Testing by Professional Sports Anglers

## 700 Series Technical Data

The 700 model is the most versatile larger spinning reel that balances size and power. Its size is still comfortable for those lighter saltwater duties like bay fishing with a 7-foot medium strength rod. It also provides the line capacity for heavier duties, like casting and fighting from the surf with a heavy 12-foot rod or trolling for kingfish out in the ocean. For freshwater applications, this reel will handle steelhead, salmon, or muskie and compliments a medium to heavy strength rod nicely. The 700 spool will hold 270 yards of 20lb monofilament line or 295 yards of 20lb braided line, providing plenty of reserve for these types of fishing.

**Weight:** 1.7 lbs.

**Max Drag:** 40 lbs.

**Gear Ratio:** 4.78

**Bearings:** 9

**Line Retrieve:** 36 in.

**Mono Line Capacity (yds/lb)**

340/15

With over six years invested in development and field testing, we believe that the Innovative Reel Technologies® spinning reels have reached the pinnacle of performance levels. Durability is our top priority and easily achieved with our patented aluminum housing design components. Our reels are intended to last a lifetime, designed for serviceability, and backed by a team poised to exceed any customer expectation.

## Made in the USA

IRT's dedicated development and production teams work with our users to provide the highest quality customer and product service in the industry today. IRT recommends each reel be sent to our home office in Pine Grove, Pennsylvania, for an annual service DEPENDING ON THE AMOUNT OF YEARLY USE. Service provided by IRT's expert personnel will maintain the superior performance and can include adjustments to the drag, gear, operation, reel balance, and other functions. Proper maintenance will ensure your IRT Reel functions to the best of its capabilities throughout its lifetime.

Innovative Reel Technologies reserves the right to modify parts, colors, packaging, options, and accessories without notice.
