Why Choose IRT?

Patented Technology

Our patented designs provide critical performance advantages to fishermen.

Customization

Our extensive customization options set us apart from other reel manufacturers. We will work with you to make your reel the perfect individual fit for you.

Superior Construction

Our American-made reels are designed for the most comfortable grip and leverage while providing the best performance. Our high quality aluminum machined parts are interchangeable and available for individual purchase for replacement if needed.

Exceptional Customer Service

IRT's dedicated production and development teams work with our customers to provide the highest quality customer and product service in the industry today. Service provided by our expert personnel can include maintenance from normal wear and tear to severe damage from a rough fishing trip.
